High school classrooms, science lab, kitchen, cafeteria, admin office

Description

Permanent slab-on-grade educational facility featuring 10 classrooms, science lab, kitchen, cafeteria, and administration office.

Completion

9.5 months

Slab-on-Grade
Permanent
Modular
Construction

This 21,891 sq ft educational facility was completed in 9 ½ months. It features 10 classrooms, science lab, kitchen, cafeteria, and administration office. The building was constructed using Ramtech's permanent slab-on-grade building system, which utilizes manufactured building modules which get crane-set upon a traditional concrete foundation at grade-level.
